RESPONSE TO RESTRICTION REQUIREMENT

In the Office Action of October 5, 2004, the Examiner requested restriction under 35 U.S.C. §§ 121 and 372 to one of Groups I-IV, which are purportedly not linked to form a single general inventive concept. In response to the Restriction Requirement, Applicants provisionally elect the invention of Group I, claims 1-3, with traverse. Applicants moreover reserve the right to file divisional application(s) directed to non-elected subject matter.
